WARMER

FAYETTE "OVER THE TOP" IN FIRST RUSH OF THIRD LIBERTY LOAN BOND DRIVE

Subscription of more than the county's allotted quota is promptly and formally made by banks acting confidently as the agents of the patriotic people of Fayette county simultaneously with the opening of the campaign. Subscriptions from individuals have been coming into the banks in such amounts as to leave no doubt as to the determination of the people.

While the bells were ringing and the whistles sounding, in every city and hamlet throughout free America, while thousands of bands played patriotic music and famous men, President Wilson, cabinet members, senators, congressmen, political leaders representing every faith, ministers representing every creed, were acclaiming at once the anniversary of America's entrance into the

war and the formal opening of the campaign for subscriptions to America's third Liberty Loan Bond Sale, Fayette County "went over the top" and subscribed formally for its entire allotment of the new bond issue, aggregating more than five hundred and fifty thousand dollars.

Fayette county was thus placed in the first line of the great patriotic rush because the bankers of the county, those men whose business it is to know the inclinations of the people whom they serve,

those men who know what the people want and what they are anxious to do in a financial way, correctly sensing the wave of patriotism and the ability and desire of Fayette county folks to do big things, confidently acted as the agents of the people and subscribed for more than the county's quota.

There was no lack of positive evidence in the possession of the bankers of the county that the people wanted the banks to take that action if any positive evidence was needed.

When the second Liberty Loan bond sale campaign was launched our bankers took similar action and the people promptly subscribed for bonds. That experience was evidence enough of the approval of the people but there was yet one other indisputable bit of evidence furnished by the fact that days in advance of the formal campaign opening scores of individuals notified the banks that they wanted the bonds just as soon as they were available. Individual subscriptions for more than one-fourth of the county's quota

were in the possession of the banks prior to the formal opening of the campaign.

The bankers of Fayette county not only deserve credit for placing the county in the honor position among the communities of the nation, but they deserve and will receive the support of the patriotic people in whose behalf they acted so promptly and decisively.

It is needless to add that every individual in Fayette county is not only expected to do his part, but to do that part promptly.

This time there will be no house to house canvass of the county seeking subscriptions, unless it becomes absolutely necessary and no one believes that necessity will arise.

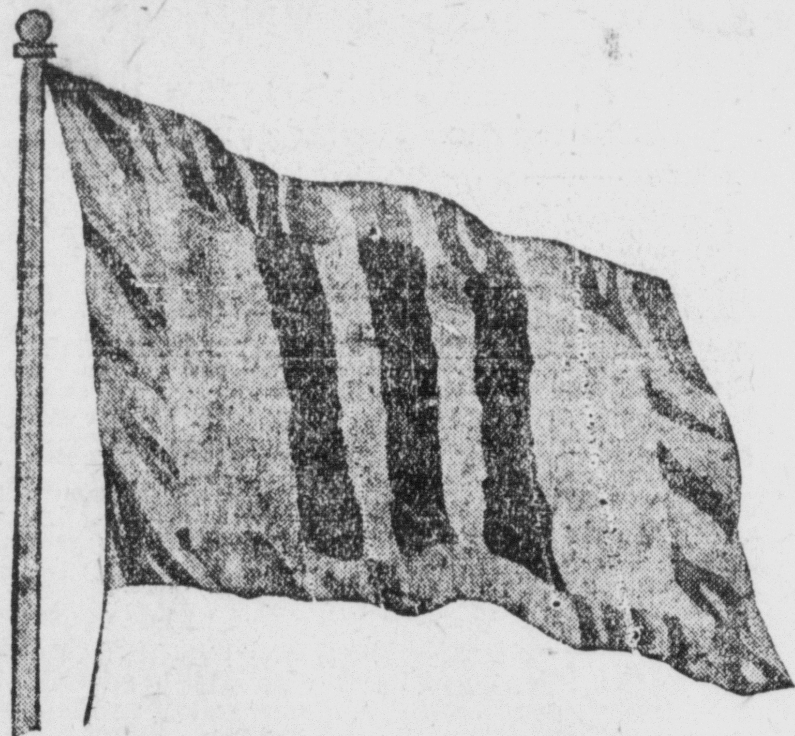

That the people of the county appreciate what has been done by their agents—the bankers—is beyond question, and there is only one substantial way to show that appreciation; and that is for the individuals to come voluntarily and ratify by the practical subscription for bonds the action of the banks and at the same time

secure the best investment on earth—a United States Government bond—and discharge a patriotic duty.

America is firing a volley at Kaiserism today and by the prompt action of Fayette county banks our own community is in the first line of that great firing squad which will give encouragement to the boys "over there" and serve notice that the torch of liberty shall ever be held on high throughout the world, safe from the grasp of tyrants and slave-drivers.

GERMANS BEGIN GREAT DRIVE FOR BRITISH BASE AT AMIENS

HERE IS HONOR FLAG OF THIRD LIBERTY LOAN; LET'S FLY IT FIRST

By the Honor Flag of the Third Liberty Loan we will know the patriots of the nation—the individual patriots, the town, city or county patriots, the state patriots.

The community over which the Honor Flag flies first will be the community which has first loaned to Uncle Sam all he has asked to borrow from that community to carry on the war for the freedom of the world.

The Honor Flag is white with a red border and three blue horizontal stripes through the white rectangle.

The Honor Flag for communities will be 36 inches wide and 54 inches long. They are of the same quality as the flags of the navy.

AMERICA TO SURPRISE PRUSSIA

London, April 6.—(Associated Press Cable)—Premier Lloyd George telegraphing today to the Lord Mayor of London on the occasion of a luncheon given to celebrate America's entry into the war, said:

"During the next few weeks America will give the Prussian military junta the surprise of their lives."

ATTACK ON FRENCH ENDS

Paris, April 6.—(Associated Press Cable)—The German attack along the French sector of the battle front has ceased. Today's official statement says there was violent artillery fighting last night north and south of the Avre, but no infantry action occurred.

HEAVY ATTACK UNDER WAY

With the British Army in France, April 6.—(Associated Press Cable)—Another heavy attack by the Germans in the drive for Amiens appeared to be under way at an early hour today. At 5:30 o'clock this morning the enemy was reported to be advancing in waves near the Vaire Wood, which lies in the Somme valley east of Corbie.

GIGANTIC EFFORT, HOWEVER, IS DASHED TO PIECES ON ROCK-RIBBED DEFENSE OF THE BRITISH AT ALBERT, AS WAVE AFTER WAVE OF INFANTRY IS CUT DOWN BY THE MERCILESS GUN FIRE.

HUNS UNABLE TO BETTER THE DANGEROUS POSITIONS INTO WHICH THEY HAVE BEEN PINNED BY THE FRENCH.

(By Associated Press Dispatch)

Another determined German blow in the great battle for Amiens is being struck today against the British in the Somme valley almost directly east of the city, from which the Germans at this point are about ten miles distant.

The attack on the center of the line comes after the check of the German left wing Thursday night in its powerful thrust at the French lines between Montdidier and the Avre and the salient of the German right yesterday and last night to make more than a feeble impression upon the British positions north of the Somme.

The fighting in the southerly area has resolved itself into a violent artillery battle, following which the probabilities are the Germans will make another effort to advance from the position in which they have been pinned by the French. No infantry action occurred in this sector last night except on the British front just north of the Luce at which river the French and British lines connect. The British took the initiative here and improved their positions near Hangard by a counter attack.

In the north the determined attempt of the Germans yesterday to enlarge the upper side of their salient succeeded only to a slight degree along the Ancre near Dernancourt, and struck a rock-ribbed British defense at Albert. It was continued late into the evening but despite the constant attacks by columns in considerable strength the enemy was unable to make any more important progress than in his daytime effort.

The early advances on today's fighting made it seem likely the operation would be an important one. Advancing from the Vaire Wood close to the Somme the Germans pushed in dense waves toward Corbie lying in the narrow strip between the Ancre and the Somme. The advance appeared to have as its objective the gaining of the Albert-Amiens road which runs in this sector just to the northeast of Corbie.

BRITISH POSITIONS ARE BETTERED

London, April 6.—(Associated Press Cable)—The British positions south of the Somme were improved to some extent by a counter attack delivered in the neighborhood of Hangard, late yesterday, according to today's war office announcement.

Along the whole front below Alette in the sector north of the Somme the struggle continued with violence until late yesterday evening. Although the Germans made incessant attacks they met with no further success than attended their efforts in the morning.

GERMANS ATTACK CORBIE

London, April 6.—(Associated Press Cable)—The Germans at daybreak this morning attacked the little town of Corbie, in the valley of the Somme, Reuters' Correspondent at British headquarters reports.

The enemy advanced in dense waves. The outcome was not known at the time the dispatch was filed. The main German thrust, says the correspondent, appears to be west of the Vaire Wood toward the principal Amiens road.

CAMPAIGN'S LAUNCHING

By Associated Press Dispatch.

Washington, April 6. — One year from the day the United States entered the world war the nation started today collecting \$3,000,000,000 as the third Liberty Loan to finance the fighting. It was a day of patriotic celebrations, of parades, of sailors and soldiers and civilians marching together to symbolize the important part each must play in winning the war. "Buy Bonds"—This was the plea ut-

tered by hundreds of public speakers to the multitudes of men and women who must furnish the financial and material sinews of the military and naval forces.

President Wilson was the principal speaker of the day's program. He is to go to Baltimore for an evening address of unusual importance.

Secretary McAdoo went to Philadelphia to speak at the unveiling of a Liberty statue. Vice President Marshall was to speak at St. Louis and Secretary Daniels at Cleveland.

The official opening hour of the campaign was 9:00 o'clock local time. Scores of small communities had promised to raise their full quota within a few hours.

Early mails received at the Treasury contained a number of letters and checks with the request to be sold

Before 9:30 o'clock this morning, or within half an hour after the campaign officially opened, three towns reported their full quotas. These communities were withheld until the precise time the messages were filed had been determined.

By ten o'clock more than twenty towns had wired headquarters claiming the distinction of being the first to subscribe their quotas.

ASK WARRANTS TO BE ISSUED

Collinsville, Ill., in State of Wild Excitement Following Coroner's Verdict on Lynching of Pro-German.

By Associated Press Dispatch.

Collinsville, Ill., April 6.—The corner of Madison county today applied for warrants for the arrest of five men whom he had been informed were in the mob that lynched Robert Prager, early Friday morning. Four justices of the peace refused to issue warrants.

The four justices gave as a reason for refusing to issue the warrants that "they did not care to get mixed up in the matter."

One of the justices yesterday was surrounded by men in a saloon and asked to sign a pledge of loyalty. He complied.

Coroner Lowe said he would ask the state's attorney to issue the warrants.

FARM CONDITIONS ARE ENCOURAGING DECLARES REPORT

Wheat Production Placed at Upward of 47,000,000 Bushels, Greatly in Excess of Last Year—Corn in Crib and Shock in Bad Condition.

Official correspondents of the State Department of Agriculture estimate the present condition of the growing wheat plant at 83 percent compared with a standard average. Notwithstanding that during a greater part of the past month weather conditions were most unfavorable to wheat growth, the plant has held its own. The southwest section shows an increase of seven points and the southeast section three points, while the northeast section shows a decline of five points and the northwest section four points. However, the present condition of the wheat plant, on the whole, does not vary to any alarming extent in the different sections of the state, and this indicates a well distributed crop. There is very little complaint of winter killing.

The plant is suffering badly for want of moisture, and warm rains during the month of April would improve its appearance. In comparison with conditions on corresponding date last year it shows an advance of three points.

In looking forward to the final outcome of total wheat production for 1918, some consideration must be given to the increase area as compared with last year. The area for 1917 was 1,788,026 acres with a total production of 42,810,387 bushels. The 1918 area is 1,970,758 acres, an increase of 182,732 acres over the 1917 area, which, on the basis of last year's average production per acre, should produce about forty-seven million bushels.

"Let us cease to fear and be anxious."

In many counties in the northern part of the state spring wheat is being sown, reports indicating the area to be about five thousand acres.

Winter barley shows a growing condition of 86 percent, while the condition of rye is reported at 89 percent compared with an average.

The condition of corn in crib is estimated at 63 percent compared with an average. Thirty-one percent of the crop remained unhusked during winter, and it is estimated that this suffered damage to the extent of 30 percent, while damage to fodder during winter is reported at 27 percent. Acreage of corn may be cut short of what farmers anticipated planting on account of scarcity of seed and farm labor.

Oats crop in lieu of corn will be comparatively large acreage. Seeding well advanced.

Fruit prospects compared with normal yields are as follows: Apples, 79 percent; peaches, 28 percent; pears, 73 percent; plums, 69 percent, and cherries, 69 percent.

Spring plowing is progressing rapidly, ground working nicely.

WALLACE CREAMER IS SERIOUSLY ILL

Mr. Wallace Creamer, Fayette county's oldest citizen, is very seriously ill as a result of complication of diseases, and unless there is a speedy change for the better, little hope is entertained for his recovery.

Mr. Creamer is now on the eve of his 99th birthday anniversary, his birthday being on the 16th day of April.

For the past week he has been very weak. Friday he showed some improvement, but Saturday morning his condition was worse than at any time during his present illness.

FUNERAL SERVICES MRS. M. J. AUGUSTUS

The home of Mrs. Mary Nolon, on N. Main street was filled with sorrowing relatives and friends Saturday morning at ten o'clock, when Rev. Wm. Boynton Gage of the First Presbyterian church conducted the funeral services of Mrs. M. J. Augustus, the oldest daughter of the house.

Simple as were the services they offered beautiful tribute to the quiet sleeper who rested amid a profusion of fragrant flowers.

The minister spoke of the world of mystery in which we are living and the greatest mystery of all, the coming and ebbing of life—the mystery of death, dwelling upon its solution through the hope and comfort of the Bible.

While the memoir offered only the briefest data, the minister gave testimony to Mrs. Augustus' life as one of both sacrifice and service.

With conscientious devotion she filled the double part of mother and father, gave ministering care to her mother, and kindly sympathy to all who needed it. She rose bravely above adverse experiences, looking on the bright side and striving to fulfill life's high ideals.

Rev. Gage read the hymns "Rock of Ages," and "Sometime We'll Understand."

A long line of autos followed the casket to the Washington cemetery for the final services at the burial. The pallbearers were the son, Mr. Sam Augustus of Chicago, Albert and Harry Nolon, Mr. Add Burnett and son Nolon Burnett of Columbus, and Mr. Jess Nolon, of Springfield.

Among the beautiful flowers, sent by friends in Columbus and Springfield, as well as this city, there was a magnificent casket spray from the Barnum & Bailey show, with which Mr. Harry Nolon is connected, and a special design from the Elks.

Relatives and friends called here by the death of Mrs. Augustus were: Mr. and Mrs. Sam Augustus, of Chicago; Mr. and Mrs. Add Burnett, Mr. and Mrs. Nolon Burnett, Mrs. Geo. I. Bailey, Mrs. Geo. Shadaker and Mrs. Caroline Deshler of Columbus; Mrs. Addie Wooley and daughter, Mrs. Rosa Richard, Albert Nolon and Mr. and Mrs. Jesse Nolon of Springfield.

TRUE VALUES TO BE GIVEN IN ALL THE TAX RETURNS

Farmers Not Expected to List Worthless Corn But to List Marketable Corn—Blanks all Issued and Taxes Set Sunday.

County Auditor Glenn M. Pine has sent out all tax blanks, and they should be in the hands of every tax payer by early next week, and if any man has been missed, he will find a blank at his bank, or at some store in every village in the county; if blanks are not obtainable at above points, they can be obtained at the County Auditor's office.

The law requires that everything be listed at its true value as near as possible, and one of the chief things now interesting the farmer in connection with filling out his tax blanks is the corn on hands, much of which is worthless because of decay either in the crib or shock. Some farmers had figured on placing a reduced price on all corn on hand on April 7, tax setting day, but the proper way to list corn is to eliminate the rotten and worthless corn at market value. This is the method said to be generally favored throughout the state, and is believed to be more equitable, because of the large amount of spoiled corn.

Many farm products, such as hogs, cattle and sheep will be returned at a higher valuation than last year, because of the increased market price.

WOMEN ORGANIZE MARION TOWNSHIP

A meeting was held at Otterbein church Friday afternoon for the purpose of organizing the women of Marion township for active work in connection with the Fayette county branch of the Woman's Committee Council National Defense.

Mrs. Daniel H. VanWinkle, Chairman of the county committee, called the meeting to order and outlined the work.

Information concerning the three branches which are being definitely taken up locally, Food Conservation, Child Welfare and Educational Propaganda, was given by the county chairman, Mrs. Bertha S. Miller, Mrs. C. Graham Beckel and Mrs. Martin G. Morris.

The Marion township organization was effected with Miss May Vincent, chairman; Mrs. Stephen Reed, vice chairman, Mrs. Bertha S. Miller, secretary; Mrs. Marie Dick, treasurer; Mrs. L. F. Thomas, of New Holland, chairman of Food department; Mrs. Ralph Thomas, of New Holland chairman of Child Welfare and Miss Estella West, chairman of Educational propaganda.

GRATIFYING REPORTS

There was a meeting of the session of the First Presbyterian church, Friday night to prepare reports for the spring meeting of Presbytery next week.

These reports, which will be presented at the congregational meeting next week, are exceptionally good and it is also gratifying to know that the membership this year shows a five per cent increase.

The Third Liberty Loan

Today marks the opening of the third liberty loan bond campaign. There is no doubt that the American people will quickly oversubscribe the amount of the issue and loan to their government the sum asked for and necessary to carry forward the national defense against Hun aggression.

The first and second liberty loans were oversubscribed by the people in a short time and this, the third, will, the promise now is, exceed the former records.

The fighting blood of the nation is aroused and the desire to make the whole power of the nation felt in the battle is paramount now with all loyal Americans.

As the Teuton commanders launch their second great offensive on the western front in the drive for Amiens and Paris, the American people begin the work of taking on the third liberty loan.

The promptness with which they will take the bonds will be notification to the Kaiser that the war cannot end until liberty is safe for humanity. It will be notice to our boys on the firing line that we, at home here, are back of them in their fight and are going to see it through.

Our First Year in the War

On this, the day which marks the end of the first year of America's participation in the world war, it is both helpful and encouraging for the people to review what has been accomplished in the tremendous task which the nation undertook when the declaration of the existence of a state of war was made by Congress.

We Americans are a critical people, an ambitious and an impatient people. We are, with our work of war like we are with our business work. We want it done at once. We are anxious that the enemy be made to feel at once the full force of the nation's might and, because it has been beyond the power of any officials or departments to bring that very much desired condition to pass, some of us have been inclined to find fault and to be too free to place blame on someone for not accomplishing the impossible.

The truth about the matter is that the nation has done a tremendous work. It has been an appalling task to bring this nation from a peace basis to a war basis and a war basis which will do justice to America—her ideals and her resources and her patriotism.

There has been a great deal of adverse criticism and entirely too much fault-finding by people who do not stop, before indulging in criticism and abuse, to acquaint themselves with the facts.

This week's Literary Digest has a most exhaustive resume of what has been done by the nation during the eventful year behind us. To now review the work done will amaze anyone who has not kept posted. The resume in the Digest should be read carefully by every loyal American. If it is there will be more praise and less unjustified condemnation of men who are performing a wonderful service for the nation.

As a matter of course we all wish more had been done—we wish the nation had been able to make its full power effective sooner than it will be able to do now. We all wish that many unpleasant incidents had been avoided, but if these incidents were impossible to prevent it should be a matter of regret but not made the excuse for complaint.

The nation has accomplished wonders within the year and the record is well worth reading.

The Result in Two Elections

The election results in Wisconsin and in Chicago are gratifying to the American people.

In both elections the loyal forces won a distinct and decisive victory. In Wisconsin the verdict of disapproval of LaFollettism and pro-Germanism was overwhelming. The loyalists of that great state leave no doubt as to their attitude on the war and their feeling toward the national government. The elections were important too in that a United States Senator was chosen. Coming at this time, when the attitude of Milwaukee socialists and LaFollette's obstructionist policy tended to place the state in an unfavorable position before the nation, the result is particularly gratifying.

The Chicago elections, although the vote was only for war aldermen, were a complete triumph for the loyal forces and a direct slam at Mayor Thompson.

The defeat of the socialist element, expecting much in the balloting, was pronounced and overwhelming. In all save a few wards, instead of recording gains over last year's vote, the socialists registered marked losses.

GET BEHIND THE MAN BEHIND THE GUN

ORDER IS SENT OUT TO STATES

By Associated Press Dispatch.
 Washington, April 6.—Orders from Provost Marshal General Crowder for mobilization of the April call of the second draft were being received today by governors of the states.

Although the orders had not been published in Washington today it is estimated that the number of men called to camp will range close to 150,000.

This is slightly in excess of the monthly quota as based on the calling of 800,000 over a period of nine months.

It indicated, however, no increase in the general quota for the year.

MOVEMENT OF NEW MEN GO TO WORK IS ORDERED

By Associated Press Dispatch.
 Columbus, O., April 6.—The first movement of draft men selected wholly from Class One has been ordered and Ohio is to contribute 10,302 men in the five day period beginning April 26th.

The call provides that 8,442 men shall be sent to Camp Sherman; 1,329 to Camp Meade, Annapolis Junction, Md.; and 531 Negroes to Camp Sherman.

The preliminary announcement was made through state draft headquarters here today.

The statement issued today says that in inducting the men from Class One sequence of order numbers will be observed except that the provision regarding the deferment of men who are completely actively and assiduously engaged in the planting and cultivation of crops must be followed.

The movement follows on one completed this week in which Ohio contributed to the national army 6,955 men. Only a few of these, however, were from Class One, as the increment was drawn as a part of the first draft.

Each local board will be advised before April 11 of its quota in the new call, after which it will be informed as to the detailed schedule showing the dates, time and route of movement.

Paris, April 6.—The bombardment of Paris by long range German guns was resumed at 11:40 o'clock this morning.

ARRIVES AT BALTIMORE

Immediately Upon His Arrival The Chief Executive Reviews Camp Meade Troops.

By Associated Press Dispatch.
 Baltimore, Md., April 6.—President Wilson arrived here shortly before three o'clock this afternoon and began a review of 12,000 Camp Meade troops.

Tonight he will formally open the Third Liberty Loan campaign with a speech in the Fifth Regiment Armory.

IDLERS MUST GO TO WORK

By Associated Press Dispatch.
 Washington, April 6.—President Wilson had before him today a plan submitted by officials of the War and Labor Departments designed to use the machinery of the draft to put industrial slackers to work. Although the President's attitude toward the proposal has not been indicated, officials appeared confident that he will regard it favorably.

The proposal provides for a survey of the lower section of Class One and other classes to identify idlers or those getting their living from undesirable or "harmful" pursuits.

Gambling is suggested under the latter head.

Notification would be served on these men that unless they would get employment in useful industry their status would be changed and they would be inducted into military service immediately.

The principal increase to the labor supply is expected to be derived from men in the lower section of Class One whose positions in that class gives them practically deferred classification.

With the addition of those who have reached the age of 21 since the passing of the selective service act, Class One will include not less than 2,200,000 men. Even if the proportion of those who are not engaged in productive work is small the aggregate will run into the hundreds of thousands.

At present the top tier of men in Class One in any local district may be composed entirely of men who are

steadily employed in valuable industries, while just below in the same class may be a number of idlers. In such a case it is planned to warn the latter that they must seek employment or their status on the list will be altered to insure their being drafted ahead of the workers.

PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 25c and 50c per box. All druggists.

Social and Personal

A little coterie of privileged guests were given much pleasure in a piano and song recital, given by Miss Marion Christopher, pupil of Miss Minnie Light, and Miss Dorothy Rogers, pupil of Miss Edith Gardner, at Miss Light's studio, Friday night.

Miss Light prefaced the program with a brief descriptive talk which brought to the guests fuller appreciation of the McDowell compositions.

Miss Christopher is fortunate in possessing natural talent and her musical temperament found expression in artistic interpretations that charmed the listeners.

Her varied program gave generous opportunity and in both the heavy and the lighter compositions her work was excellent. Two numbers stood out in effective contrast, one difficult and strenuous in its technical demands, Mendelssohn's "Prelude," the other, "Twilight"—R. Fräutlin—dreamy and caressing in its melody. In these two numbers Miss Christopher's ability found its best exemplification.

Miss Rogers sang three numbers beautifully, her contralto voice exceedingly sweet and sympathetic. Her singing of "The Morning Wind"—G. Branscombe—bright and sparkling in its style, was marked by a delightful vivacity and the other two numbers by an exquisite tenderness that is unusual in a young girl.

The following program was rendered:

- To the Sea E. McDowell
- Scottish Love Poem E. McDowell
- Song—My Laddie W. A. Thayer
- Liebestramme Liezt
- Song—The Morning Wind G. Branscombe
- Prelude Mendelssohn
- The Flatterer Chaminate
- Song—The Mother Heart S. R. Gaines
- Valse Capricieuse Grodzke
- Twilight R. Fräutlin

The C. I. C. girls of Mrs. Ada Jones' Sunday School Class, held an interesting meeting with Miss Eleanor McClain, Friday afternoon. The feature was the relating of the experiences connected with the earning of the money which each girl made for the Easter collection. Miss McClain's report in rhyme was especially enjoyed.

Miss Wanda Mae Norris was elected President to succeed, Miss Marcela Griffith, who is now teaching a class.

In honor of his guest, and school friend Carl Lippman of Milwaukee, Wisconsin, John Crayton Griffith, who is home from St. John's Military Academy at Dellfield Wis., spending the spring vacation, entertained with a six o'clock dinner of beautiful appointments Friday evening.

A basket of yellow and white Calluldas formed an artistic centerpiece. The guests were Misses Mary Dahl, Virginia Campbell, Aileen Hess, Helen Baker and guest Mary Head of Greenfield, and Robert Craig.

Marked by informality the dance of Friday night under the auspices of the Chi Delta Chi Club proved a very delightful affair to forty-eight couples. Miss Marion Whelpley and Miss Mary Ellen Briggs at the piano and Floyd Miller at the drums furnished splendid music for the dancers.

Circles and Moonlights were especially popular and were encored again and again.

The out of town guests were: Miss-

es Erma Boyd, Mary Head and Kath-
erlin Wilson, of Greenfield; Ruth Ba-
ker of Portsmouth; Lelia Culberson
and Marie Allen, of Milledgeville, and
Gladys Littleton of Springfield;

itors in Columbus this week.

WOULD ABOLISH
DISTRICT SUPTS.

The following letter has been sub-
mitted by a subscriber who believes
it contains the solution for deficien-
cies in school funds. The letter fol-
lows:

"The cry comes up from all over
the state of Ohio of the lack of suf-
ficiency of money to pay the teachers
of our schools. Before the March
draw of school funds, State Auditor
Donahy said some teachers had not
drawn a cent salary since their school
opened in September. This means
that the schools will have to close
down or borrow money.

The sum of \$205,000 was appropri-
ated in the last legislature to aid weak
districts. Yet it is claimed that from
\$150,000 to \$175,000 more will be
needed. We find that 267 applica-
tions for state aid had been made
prior to March 1, and partial aid was
granted to 235 cases. In all our ex-
perience we fail to recall a similar
situation.

Several causes might be assigned
for this financial embarrassment of
our schools. No doubt a part of it
comes through the increased number
of high schools and a greater number
of teachers at increased wages, but by
far the greatest is our top-heavy
school system, especially that part
of it which makes provision for dis-
trict superintendents. Referring to
the school report of 1916, we find
that 304 district superintendents were
employed for the school year of 1916-
1917. Now, as far as we know, the
salary paid is \$1200 per year. Nine-
teen-twentieths of these never re-
ceived over \$600 per year before in
all their lives. Assuming that the
salaries paid were \$1200 per year, we
find that the sum of \$364,800 was paid
out for salaries of district superin-
tendents in that school year, a sum
almost equal to the deficiency this
year. The district superintendents
can be eliminated without diminish-
ing the efficiency of our schools one
iota. Their existence is an acknowl-
edgement that our schools are not
preparing their students for
teaching as they should.

The first year under the new law
Logan County had nine district
superintendents. Every man that
wanted a place was accommodated.
For the school year of 1916-1917 it
had but one. No doubt the schools
were just as efficient as when they
paid out \$10,800 the year before.

Retrenchment is the remedy; it is
not only business but moral reform.
If ever we needed it we need it now.
Thousands of jobs all over Ohio could
be lopped off and millions of dollars
saved every year if we would only
begin retrenchment in earnest. A few
months ago the mayor of Newport,
Ky., cut off 133 men from city jobs
because the city could do without
them. Likewise let us cut out the
district superintendents, and if there
is still a lack of funds, stop paying
teachers for attending institutes and
save something like \$300,000 more,
and there will be no embarrassment
of our public schools."

JEFFERSONVILLE
RED CROSS SALE
DECIDED SUCCESS

Reports from Jeffersonville, Satur-
day afternoon, told of the tremendous
success of the Red Cross auction
which started at ten o'clock Saturday
morning and was expected to last
until late Saturday evening, and the
indications were that when the auc-
tion comes to an end the Red Cross
will have about \$1,000 more than the
amount originally figured on by the
committee.

The first article offered for sale
was a mere trinket, accompanied by
a poem lambasting the Kaiser, and it
brought \$3. A bushel of seed corn
brought \$45, being sold twice.

A silk handkerchief was bid in at
\$25 and resold until it had brought
\$75. Canned fruit was selling at
50 cents to \$2 per can. A box of ci-
gars was sold and resold until it had
brought the sum of \$40.

Bidding at all times was spirited,
and the attendance was even larger
than anticipated. Everyone appar-
ently caught the spirit of the occa-
sion and bid accordingly.

Edgar Snyder, well known insur-
ance agent of this city bought a roos-
ter at a fancy price, and County Audi-
tor Pine purchased a goose that, judg-
ing by the price paid, was the fowl
that lays the golden egg.

Among Washington citizens attend-
ing the auction were: County Clerk
Horace Ireland, County Auditor Glenn
M. Pine, Assistant Auditor Walter
Robinson, Hon. and Mrs. Frank C.
Parrett, Hon. J. D. Post, Judge Joseph
Hidy, Edgar Snyder, Mr. and Mrs. H.
C. Hosier, Mr. and Mrs. A. W. Duff.

CADETS MAY SOON
HAVE UNIFORMS

The last drill of the Cadet com-
pany was not so successful as ex-
pected. Only two squads were in at-
tendance, but this was probably due
to conflicting announcements as to
when the drill would be held.

The drill night has been changed
to Tuesday in order to accommodate
those who found it impossible to at-
tend.

In all probability uniforms will be
purchased in the near future by mem-
bers of the company that will con-
sist of hat, shirt, trousers and leg-
gings. They will be khaki colored.

BELLS RING AND
WHISTLES BLOW

At 2:30 o'clock Saturday afternoon
virtually every bell and whistle in
the city united in a great chorus in
celebration of Liberty Day, and the
launching of the Third Liberty Loan
drive. For more than ten minutes the
noise of the bells and whistles arose
in great volume and made a profound
impression upon the thousands who
heard.

The courthouse bell led the great
chorus, and a few persons, who were
not aware of why the bells and whis-
tles were sounding, hurriedly made in-
quiry of neighbors or by telephone.

FINE STOCK FARM
CHANGES HANDS

Mr. J. L. Rothrock has sold his
farm known as the "Red Bud farm,"
the home of Bobbie Burns, on the
Leesburg pike, to Mr. Wilson Morris
of Leesburg.

The farm contains 167 acres of rich
soil, well drained and is one of the
best corn growing farms in Southern
Ohio. It is well equipped in every
way for stock raising.

The deal was closed through a lo-

WILMINGTON GIRL
KILLED BY TRAIN

Washington friends of ex-Congress-
man and Mrs. M. R. Denver, of Wil-
mington, were shocked Friday night,
to learn of the violent death of Miss
Kathryn Denver, attractive daughter
of Mr. and Mrs. Denver, who was run
down and killed by a Pennsylvania
train while enjoying a walk with a
party of girl friends, late Friday af-
ternoon.

Miss Denver was with a party of
the Camp Fire Girls on a bridge just
west of Wilmington, and did not see
the approaching train until it was al-
most upon them. All jumped to safety
except Miss Denver, who ran along
the tracks to the end of the bridge
and a moment later would have leaped
to safety, but her foot slipped and
she was crushed to death.

According to the engineer of the
train the girls were on a bridge at a
point where there is a curve, and
when the train rounded the curve it
was impossible to stop the train. All
of the girls leaped to safety and Miss
Denver, just before attempting to leap
glanced back, probably to see if the
other girls had escaped, and in so
doing she made a misstep and fell.

A moment later she was instantly
killed by the engine.

Miss Denver was 14 years of age
and the pride of her parents and be-
loved by all who knew her.

BRINGING BODY
HOME FOR BURIAL

Dr. Oak, partner of the late Dr. E.
D. Maddux, son of N. C. Maddux, re-
siding west of this city, telegraphed
from Chicago, Saturday morning that
he would reach Columbus with the
body of Dr. Maddux, Sunday evening
at 8:05, and the funeral party will be
met by a motor funeral car and au-
tomobiles from this city. The body
will be brought to the home of the
deceased's father, Mr. N. C. Maddux,
where funeral services will be held
Monday afternoon at 2:30 o'clock,
and interment will be made in the
Washington cemetery.

The wife and child and Dr. Oak will
accompany the body to this city. Mr.
George Maddux, a brother left Fri-
day for Chicago to accompany the
party back to this city but may not
reach Chicago in time.

FIRST AIRPLANE
OF THE SEASON

The first intimation Washington
and Fayette counties had that flying
has been resumed at the Dayton avi-
ation field came Saturday morning
when an airplane from the camp passed
over Fayette county, traveling
slowly against a stiff breeze, and evi-
dently headed toward Chillicothe.

The plane was going at some 25
miles per hour and was following the
C. H. & D., or B. & O. railroad track.
The plane was about 2500 feet high
and apparently had two occupants.

CABLEGRAM FROM
LIEUTENANT HUGHEY

Mrs. J. W. Hughey received a cable-
gram, Friday night, from her son,
Lieutenant Paul Hughey, who is in
the aviation corps "over there."
The cablegram was: "Feeling fine;
best to all," which seems to indi-
cate that Lt. Hughey has been under
fire in recent activities.

Lieutenant Hughey is now driving
a scout or war plane which is capable
of more than 100 miles per hour.

WOMAN DIRECTOR

By Associated Press Dispatch.
Akron, O., April 6.—Miss B. Mause
Ellis has been appointed woman ath-
letic director in charge of recreation
work at a large rubber manufacturing
plant here. She is the first woman in
charge of such work in any of the
Akron rubber factories.

Miss Ellis has announced she will
not abandon basketball for the sum-
mer and has arranged for many games
for her girls.

Every \$50 Liberty Bond will buy
one rifle and 400 rounds of ammuni-
tion or 16 gas masks.

Herald "Want Ads." are the sales-
men who work day and night.

SETS THE PACE
IN CHILICOTHE

Referring to a recent meeting of
the Ross County War Chest campaign
now under way, the News-Advertiser,
of Chillicothe, says in part:

"The Dahl-Campbell Company, by
Mr. W. M. Campbell, said they had
come here to stay, to be counted as a
part of the community, whether the
camp stayed or not; that every em-
ployee in their local branch had "come
across" and that the firm added \$1-
000. Later on various men arose and
increased their individual subscrip-
tions very materially, amid loud ap-
plause."

In this connection it is interesting
to know that the 30 employees of
the Dahl-Campbell Branch in Chillicothe
subscribed \$800 to the war
chest, which, with Mr. Campbell's
subscription of \$1,000 for the firm,
brought the total of the branch up to
\$1800.

NO COMMISSIONS YET

Camp Sherman, Chillicothe, April 5.
—No commissions will be granted to
candidates in the officers' training
school at the conclusion of the in-
struction on April 19, but it is within
the bounds of possibility that some
of the artillery candidates may be
designated for further instruction in
France, it became known today. War
Department officials wired authorities
here to find out how many of the men
now in training with the battery of
light artillery were qualified by their
previous training for further instruc-
tion. It was stated that approximately
a score of men were available.

NEW HOLLAND BOYS

SENT TO FACTORY FOR TRUCK REPAIRS

Thursday the Packard truck of Mark and Van Gundy was broken, and later repaired, and on Friday morning the Veihle truck of the firm was put out of commission by a broken crank-shaft, with the result that the contractors, wishing to keep their road work moving with as little delay as possible dispatched a man to Mo-line, Illinois to obtain a new crank shaft and bring it back without delay.

With shortage of material and hands, road builders are having their share of trouble—not to mention trucks breaking down at critical moments.

A meeting of the 3rd Degree Drill Team is requested, Sunday afternoon at 2:30 at Masonic Hall. All officers expected to be present.

First Anniversary of America's
Entrance Into the War Cele-
brated Noisily in Ohio's
Metropolis.

By Associated Press Dispatch.

Cleveland, O., April 6.—Today, the first anniversary of America's entry into the war and the formal opening of the third Liberty Loan campaign, was celebrated here in most elaborate fashion. Whistles were blown, bells were rung, and traffic was suspended for five minutes at 10 o'clock this morning.

A mass meeting, with a man prominent as a national speaker, and a parade of soldiers, sailors, school children and others, including 3,000 uniformed Boy Scouts and patriotic societies and Liberty Loan workers featured the celebration. It was estimated that 15,000 persons were in the parade.

Many business establishments declared a holiday in order that their employees might participate in the celebration.

Committee workers say that in spite of the great amount of money subscribed in the two previous Liberty Loan campaigns, the bank deposits are larger than a year ago. Nearly 4,000 workers will take part in the Cleveland campaign and city bankers, greatly surprised at the smallness of the city's quota, are confident the figures attained in the second loan will be passed.

Cleveland's quota was fixed at \$55,000,000, which is more than \$2,000,000 less than the previous loan, which was oversubscribed by \$44,732,000.

The Liberty Loan organization has been materially strengthened since the second loan campaign. Twenty-five hundred men and women have volunteered to make a house-to-house campaign. At least 200 other workers will be in each of the city's 26 wards. Every volunteer has agreed to visit at least twenty homes in his block.

A cosmopolitan committee representing 19 nationalities has been appointed to boost the loan among Clevelanders, other than those who speak English.

OBITUARY

George Winthrop Hadley, was born in Carroll County, New Hampshire, August 20th, 1827. Being one of a family of eight children, five sons and three daughters of whom one brother is now living. Coming to Ohio State, in the year 1852 and doing construction work on a railroad between Marietta and Cincinnati. In the occupation of contractor and stone mason.

Later he settled near New Martinsburg, Fayette County, where he was united in marriage to Christine daughter of Thomas and Frances Moon. To this happy union was born two daughters, Fannie and Minnie both of whom have preceded their father to the "home beyond."

While in that vicinity Mr. Hadley joined Wilstach Lodge of Odd Fellows, January 1st, 1862. At the time of his death he had been a faithful member of that order over 56 years. Several years ago he left the farm and with his family came to this city where he resided until his death.

In the year 1914, April 7th he united with Grace M. E. Church of this city under the pastorate of Rev. F. E. Ross.

Mr. Hadley leaves to mourn his loss a wife whose devotion was the purest most unselfish ever given by a wife to a husband and other relatives and a host of friends, who I know will join me in saying their lives were made brighter many times for having known this good old man. And as one of his closest neighbors said he always wanted to fill the sack too full to tie, he always tried to do all the good he could. Never having had a quarrel with any man.

His favorite hymn:
There is a land of pure delight where saints immortal reign, many times his strong sweet voice floated across the street falling as an inspiration on the ear of the writer.

Could we but climb where Moses stood And view the landscape o'er Not Jordan's Stream nor death's cold flood, Could fright us from the shore.

OBITUARY

Robert Glen Dawes, infant son of Homer and Bessie Dawes, born March 26, 1918. Departed this life, April 3rd 1918, aged 9 days. It seems strange that one so young must be taken from us but this we can not understand. But the Ruler of this great Universe who knoweth and doeth all things well has seen fit to remove from us this little one. His stay was not long and may his soul which is now with the God who gave it brighten that eternal home with its presence and may it be the guiding star to that home who loved it.

CARD OF THANKS

We wish to thank the many friends who were so kind to us and who stood by us in the death of our little boy and also to friends for flowers, to undertaker McCoy and Rev. Rose for his consoling words and Mr. James Littrell for his kind and careful service.

MR. AND MRS. HOMER DAWES AND FAMILY.

RUTHLESS WAR AGAINST LOAFERS

The city authorities are going to rigidly enforce the law against tramps and vagrants.

Any one who is bothered by beggars should promptly notify the police and they will immediately take care of the offender.

For the past few months a large number of beggars have infested Ohio driven here by laws in some states forcing all loafers to go to work.

The time has come when war is to be waged on the loafer just as relentlessly as on the Hun, and every fellow that is able and is not at work, whether he be rich or poor, will receive attention.

MR. BUILDER

Let me figure your brick work, cement block laying, concrete work of all kinds. Sill building a specialty. All work guaranteed. Hickman, R. F. D. 1, Box 8.

WHAT ARE YOU DOING?

TO HELP WIN THE WAR AND TO LIGHTEN HOUSEWORK

TESTED RECIPES FOR WAR TIMES

Rice Griddle Cakes

¾ c. boiled rice; 2 c. flour; 1¼ c. liquid; 2 T. drippings; 5 t. baking powder; 1 t. salt; 3 T. sugar.

Mix the dry ingredients. Add rice to the liquid ingredients. An egg may be added. Combine with the dry ingredients and beat well. Cook by tablespoons, the same as other griddle cakes.

Plain Barley Cake

½ cup fat; ¾ cup glucose; 1 egg, well beaten; 2½ milk or water; 2 cups barley flour; 3 teaspoons baking powder; ¾ teaspoon salt; 1 cup raisins.

Cream the fat, add the glucose and cream together. Add beaten egg and milk. Add the sifted dry ingredients and the raisins. Pour into a shallow greased pan and bake about 20 minutes.

Pinto Bean Loaf

1 pint cold (cooked) Pinto beans; 1 egg, well beaten; 1 cup bread crumbs; 1 tablespoon finely chopped onion; 2 tablespoonsful tomato soup. Salt and pepper to taste. Combine ingredients and shape into loaf and bake 25 minutes.

Rhubarb Tapioca

4 rhubarb; ½ c. pearl tapioca; 2 c. sugar.

Soak the tapioca over night in cold water. Drain, add boiling water and cook until transparent. Add sugar, and rhubarb, peeled and cut into ½-inch pieces, and bake until rhubarb is tender. Serve hot or cold with milk.

ONE DISH VICTORY MEALS

One-dish meals will please the whole family. They will please mother because they are easy to prepare, they will please brother because they "fill him up," they will please sister because it will not take so long to do the dishes, they will please father because they go lightly on the pocket book, and they will please the U. S. Food Administration because they are food conservation meals.

Potted Hominy and Beef

Hominy is excellent to use as part of a one-dish dinner, if you have a fire in your stove so that you can cook it for a long time, or if you use a fireless cooker. Heat 1½ quarts of water to boiling, add 1 teaspoon of salt and 2 cups of hominy which has 5 cups. Thisw SHRDL ETAOI ETA seen soaked overnight. Cook in a double boiler for four hours or in the fireless cooker overnight. This makes 5 cups. This recipe may be increased and enough cooked in different ways for several meals. Hominy is excellent combined with dried, canned or fresh fish, or meat and vegetable left-overs may be used. Here is one combination.

2 tablespoons fat; 2 tablespoons flour; 2 cups milk; 4 potatoes; 2 cups carrots; 5 cups cooked hominy; 1 teaspoon salt; ¼ pound dried beef. Melt the fat, stir in the flour, add the cold milk and mix well. Cook until it thickens. Cut the potatoes and carrots in dice, mix all the materials in a baking dish and bake for one hour.

DELCO-LIGHT Increases Farm Efficiency

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

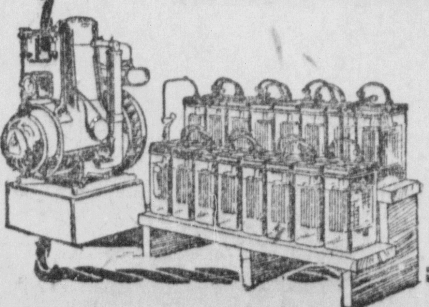

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts. RUNS ON KEROSENE

ERROR DISCOVERED
NEW GOAL FIXED

Through an unintentional error the amount of sales of thrift and war sav- ings stamps for the Sophomore class of the high school was reported as \$215.75. According to the report that class ranked below the other three in sales, but since the sales amounting to \$828, have been discovered which go to the credit of the Sophomores. They now have the greatest amount in the school \$1145.73, and the largest per capita investment, \$17.10.

The discovery of the \$828 brings the school's total up to \$2419.52, and its per capita investment to \$9.34, more than twice the quota.

The goal has been changed from \$3000 owing to the discovery to \$4000. It is expected to reach the new goal before summer vacation begins.

Tax Listers, Attention!

....Personal property will be listed for taxation in the same man- ner as last year, each person owning or holding personal property of whatever nature is required to furnish a list for taxation on blanks furnished for that purpose. The law makes such person his OWN ASSESSOR and as such you are to return all taxable property in your possession on the 7th day of April at its TRUE VALUE IN MONEY.

Each return must be filled out complete and SWORN to within fifteen days and delivered to the County Auditor before the first day of May, 1918.

Failure to observe the law, penalties apply as follows: The taxpayers lose the exemption allowed by law and are also subject to a 50 percent penalty for willful neglect, and for false oath liable to prosecution for perjury.

PLEASE NOTE:
Read and study your blank and instruction sheet before mak- ing entries. Your taxing district will be stamped on the blank when same is mailed. However, if you have moved into another taxing district, please change to your present taxing district.

If you have property to list in two or more taxing districts, please fill blank for each district and name same.

If not a merchant or manufacturer fill out and answer all ques- tions on blank EXCEPT on page 3.

Blanks must be complete as the County Auditor is PRO- HIBITED FROM RECEIVING RETURN UNTIL SAME IS DONE.

In returning live stock do not fail to state NUMBER of animals in each class.

The agriculturist should fill out the 4th page.

Tax listers will find the blank furnished this year less difficult to fill out, and every one should make the effort to COMPLETE THE BLANK IN FULL and return same to the County Auditor's office at the earliest possible date. DO NOT WAIT UNTIL THE LAST DAYS. We ask your CO-OPERATION to this extent. However, if it is impossible for you to complete your list we are here to help you and will do it gladly.

Tax blanks will be left at the different banks and country stores over the county for the convenience of those who do not receive one by mail.

Respectfully,
GLENN M. PINE,
County Auditor.
